The link to the Green Buckeye RN newsletter is on the ONA website.

AHRQ Publication – Improving the Healthcare Work Environment to promote quality. A copy is available at ahrqpubs@ahrq.hhs.gov.

Joint Commission Proposed Standards - Deb McKee will reply to the call for input.

Action Plan:

Worksite standards support quality nursing care in an ergonomically safe environment with the end result being better consumer outcomes.

1. All standards will include or be based in:
 - a. Evidenced Based Design (EBD)
 - b. Sustainability
 - c. Earth friendly
 - d. Way finding
 - e. A Healing Environment
 - f. Positive Distraction
 - g. Infection Free
2. An Adaptable/Dynamic/Fluid environment that is effective, efficient, secure, and supportive to the nurse and consumer.
3. Infrastructure that supports clean air that has ongoing quality controls in place.
4. Infrastructure that supports user controlled lighting, natural and artificial, which is:
 - a. conducive to the use of the area at all times,
 - b. supports a positive working and healing environment.
5. Infrastructure that diminishes or eliminates hazards through ongoing evaluation of services, products, equipment and structure.
6. Infrastructure that supports a physical injury free zone.

All comments must be received by November 14th.

Possible dates for the next meeting January 23rd or the 29th.

Please send your comments/revisions and date availability to gharsheyemeade@ohnurses.org before November 14th.
